Mental Health Therapist

Community Counseling Center located at 2801 C Court in Ashtabula, Ohio, is a non-profit, behavioral health provider focused on engaging the community in recovery. We are currently seeking an experienced Mental Health Therapist to provide services in our school-based and agency-based programs. Qualified candidates must be experienced in the provision of diagnostic assessments, counseling services, crisis intervention, and treatment planning as this position provides a variety of services to a diverse client population including children and adults with severe mental disabilities. A Master’s degree in Counseling or Social Work with an LPC/LPCC or LSW/LISW and prior mental health counseling experience is required; drug and alcohol counseling experience is a plus.

The position requires a valid driver’s license, driving infractions within the last three (3) years subject to the Corporation Handbook, and no DUI, drug, theft, or felony charges in the past. Must have reliable transportation and adequate levels of insurance and/or insurability.

Excellent salary dependent on degree, licensure, and experience along with health, dental, and vision insurance, 403(b), Life, STD/LTD insurance, generous paid time off and holiday package, and quarterly, performance-based bonuses.
